Decisions in the Age of Innovation

# THE DILEMMAS OF WONDERLAND

*Decisions in the Age of Innovation*

**Yakov Ben-Haim**, Technion - Israel  
Institute of Technology

- Examples illustrate theory and practical implications
- Relevant examples and practical concepts for daily decision-making in all fields of occupation and specialization
- Explains the methodology of info-gap theory

Innovations create both opportunities and dilemmas. They provide new and supposedly better opportunities, but — because of their newness — they are often more uncertain and potentially worse than existing options. There is a great need for practical conceptual tools for understanding and managing the dilemmas of innovation. This book offers a new direction for a wide audience.
